Designer and art director with 9+ years of creative experience. I use AI as a creative tool, to improve efficiency and push work further. I believe it is not a replacement for human creativity.

Syracuse University · BFA Communications Design, concentration in Illustration · 2017 · Magna Cum Laude

EXPERIENCE

Aptive Resources DC · REMOTE Oct 2022 – Present
Captive Creative Studio

SENIOR GRAPHIC DESIGNER / ART DIRECTOR

- Art directed and designed across roughly 15 accounts, including a \$63M federal campaign spanning branding, social, motion, video, and web.
- Built spec campaigns for new business fast, using AI and classic design from Photoshop to SUNO for conceptual jingles.
- Introduced interactive GitHub proposal sites as a new deliverable format for the company, highly customizable and shipped in days.
- Built the National Park Service recruitment campaign from the ground up independently: design, strategy, brand guidelines, templates, and collateral, using AI for imagery and copy development.
- Managed and mentored designers; served as the team's marketing and design jack of all trades, go-to voice actor, and resident problem-solver.

AI Claude & ChatGPT for conceiving, copy, and strategy; Midjourney and Firefly for imagery; Claude Code for build.
